

**NAME INDEX**  
*by Robert M. Murphy*

This all-name index includes the names appearing in the text. The terms “Jr.,” “Sr.,” and “2nd” have been eliminated because they are time-dependent titles that can vary over the life of an individual. Titles to indicate official activities are included (e.g., Selectman, Town Clerk). Both forenames and surnames are generally spelled as they appear in the text, except that minor adjustments are sometimes made, and common abbreviated names are spelled out. All initials have been indexed under the full name when known. Surname variants may be shown together separated by a “/”, or indicated by a *see also* reference.

To ensure that all references have been seen, the entire page indicated should be scanned. It is common to have the same person mentioned many times on one page.
